

Reduce your transfer time from Toluca to Mexico City, from 2 hours to 20 minutes, while you increase your safety.

Ground transportation time from Toluca Airport (MMTO) to Mexico City or vice versa can range from 1 to 3 hours, depending on the day/time/destination. We can help you reduce the transit time between this two cities to 20 minutes in a helicopter. We have the largest network of helipads too, so we can offer you access to the closest one, nationwide.

Single turbine helicopters start at \$1,100 USD + TAX

Twin engine helicopters start at \$2,750 USD + TAX

Let us quote your next helicopter logistics service, saving you a lot of time and increasing your security. Ask Manny Aviation or HeliGroup for personalized solutions & quotation.

We will be glad to help you.

fly@helicopters.mx

In the next pages you can find examples of helicopters available in the MMTO/MMMX area. Should you require something different, we can fly it for you on request.
